

A Tavoron Company

# RENTAL PRODUCTS & SERVICES

AIM Companies, a Tavoron company, delivers reliable, energy-efficient portable compressors for construction, refining, and pipeline operations. From rugged diesel units to electric and extreme-duty pipeline models, our fleet is built for performance. With 24/7 support, maintenance included, and all accessories provided, AIM helps you cut downtime, control costs, and keep production moving with complete peace of mind.

## Portable Diesel Compressors Reliable Performance with Low Operating Costs

Built to withstand tough conditions, our Portable Diesel Compressors deliver reliable performance with minimal maintenance. Key features include:

- Corrosion-resistant steel enclosures for enhanced durability.
- Easy-access service doors for convenient maintenance.
- Durable aluminized fuel tanks designed for industrial environments.

Additional benefits:

- A heavy-duty chassis ensures stable towing.
- A maintenance-free 24-volt battery system reduces downtime and operating costs.

These compressors are the ideal solution for your most demanding projects.

## Portable or Stationary Electric Compressors Emergency and Short-Term Rentals

When production demands exceed your capacity or your equipment is down, AIM Companies supplies everything you need to deliver clean, dry, compressed air. We offer:

- A fleet of 10 - 450 HP electric powered compressors to meet various needs.
- Air dryers and filters to meet both pressure and quality specifications.
- 24/7 service to minimize disruptions.
- Factory-trained technicians providing on-site support.

We also provide the accessories you need:

- Hoses
- Fittings
- Receivers
- Fuel Tanks
- Valves
- Regulators

With AIM Companies, you can trust us to keep your operations running smoothly.

## Portable Pipeline Compressors Built for Demanding Environments

AIM Companies offers portable pipeline compressors built for extreme conditions. Each unit is fully equipped, maintenance-covered, and ready to perform. Delivered on a step-deck trailer for remote sites, our compressors provide reliable, efficient power with predictable costs and expert support.

### Choose from a variety of capacities to meet your needs:

- Standard Pressure - 150 PSI, 1,600 CFM
- Medium Pressure - 350 PSI, 1,150 CFM
- Medium-High Pressure - 500 PSI, 900 CFM
- High Pressure - 2,175 PSI, 1,800 CFM

AIM ensures that you have the right equipment to handle even the harshest conditions, keeping your project on track with minimal disruptions.

## Our Team is Here to Help

Count on AIM Companies, a Tavoron company, for dependable portable compressors that keep your projects running. Our state-of-the-art equipment, full-service maintenance, and 24/7 support reduce downtime and simplify operations. With flexible rentals and predictable costs, AIM delivers the performance, efficiency, and peace of mind your business deserves.
