

# RELIABLE ROTARY SCREW COMPRESSORS

Built for Small Manufacturers

24/7 EMERGENCY  
SERVICE  
800.627.7378

Are you expanding, adding equipment, upgrading or dealing with frequent compressor downtime? AIM delivers quiet, efficient rotary screw compressors to small manufacturing shops—no more loud, high-maintenance systems.

## WHY UPGRADE WITH AIM?

### QUIET OPERATION

Reduce noise on your shop floor with smooth, rotary screw technology.

### CONTINUOUS DUTY RATED

Built to run reliably all day—ideal for growing operations.

### ADVANCED TECHNOLOGY

Atlas Copco's latest models offer precise control, improved efficiency, and smart integration.

### INTEGRATED AIR DRYERS

Get cleaner, drier air that protects your tools, processes, and final product.

### LOCAL EXPERTISE

AIM provides the support small shops need—fast service, expert advice, and in-stock equipment.
